Re: DJ # 90-5-2-1-12026
Submission of Semi-Annual Report – Consent Decree
United States vs. Gulfport Energy Corporation

To Whom it May Concern:

Pursuant to the requirements of DJ case # 90-5-2-1-12026, Gulfport Energy Corporation is submitting items for the Semi-Annual Report.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I have no personal knowledge that the information submitted is other than true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Per the requirements of the Consent Decree, the following individuals/groups have been either mailed or emailed a copy of these items: eescdcopy.enrd@usdoj.gov, Air and Radiation Division (USEPA Region V), Office of Regional Counsel (USEPA Region V), peachey.robert@epa.gov, topinka.natalie@epa.gov, loukeris.constantinos@epa.gov, stimmermeyer@gulfportenergy.com, don.shandy@crowedunlevy.com. If you have any questions regarding this submission, please contact Jon Kopec at jkopec@gulfportenergy.com.

Sincerely,

A handwritten signature in blue ink that appears to read "Jon Kopec". The signature is fluid and cursive, written in a professional style.

Gulfport Energy Corporation – Semi Annual Report
DJ # 90-5-2-1-12026

Paragraph 15 – See Attachment 1 for the Engineering Design Standard

Paragraph 17 – See Attachment 2 that includes all Engineering Evaluations

Paragraph 18 – See Attachment 1 that includes the Vapor Control Initial Verification data showing the IR camera inspection dates and the results of the inspections.

Paragraph 19 – There have not been a modification necessary to any Vapor Control System.

Paragraph 21 – The only Tank System review that has been required/needed was the Initial Vapor Control System Field Survey conducted on 12/21/2020 and 12/22/2020. Results of that survey were used to create the Engineering Design Standard. Results of that are in Attachment 1.

Paragraph 22 – No Reliable Information to report

Paragraph 23 – No Information to Report

Non-Compliance w/ PTIOs

Per the requirements of the PTIOs, Gulfport submits any deviation in the annual Permit Evaluation Report. While uptime has been excellent during the applicable reporting period, there were instances of downtime of a combustor while a facility was operating. See Attachment 3 for the downtime.
